Italy: Meloni's illegal, destructive flower ban

Hemp TODAY
Voice of the Global Hemp Industries

CBD NOW

It opened a new frontier for industrial hemp, bringing promises of health and wealth. Along the way, it nearly burned down the entire industry as the promise gave way to broken dreams and fractured markets. But CBD is still hemp's biggest sector, and it isn't going away.

Who's still standing
After the crash, only the strong survive

The latest research
The ever widening scope of applications

Product development
Other hemp cannabinoids hold promise

Europe out front
UK's \$2 billion market moving ahead

Building SCALING UP INSULATION
To grow the subsector, policy support is needed

Textiles EUROPE'S DREAM LAB
New platform aims to revolutionize research

New Zealand LOOKING FOR A SPARK
Rules update seen advancing industry
